

# RDA Toolkit Solo Subscription Order Form

## MLNC Group Order

The solo-user subscription is for single-user environments where access to the RDA Toolkit is not shared with other individuals in the same institution. Access is via password only.

In order for ALA to create you subscription, the details below must be completed and returned to the MLNC office **by October 28, 2010**. In order to achieve the best pricing, MLNC will aggregate orders through October and submit them to ALA in early November. ALA will send you confirmation details as soon as your subscription has been activated.
